## Playschool

If you have young children (2-7 years), you can take an English Course while your children are being supervised within a secure and safe environment. Available all year round and situated in the main school building, our Playschool offers supervised activities to children between 2 and 7 years of age. Qualified staff will keep your children busy with music, songs, games and activities while you take part in English language classes. All activities are conducted in English and provide children with an introduction to the English language, although no formal English training is provided.

## Kids' Club

Designed for our younger students the Kids English Club provides informal learning where children between the ages of 5 and 8, who are keen to learn English like their older siblings, can now discover English through fun based activities and practise their new found skills with other children from all over the globe. No written or grammar based lessons are incorporated.
